## A B O U T M - O N E

---

M-ONE by Noah's Ark Interiors is a Bangalore-based luxury interior design, renovation, turnkey contracting, and bespoke furniture company with a legacy spanning more than three decades.

We create refined, functional, and enduring interior environments across residential, commercial, hospitality, healthcare, and institutional sectors. Our strength lies in bringing together creative design, engineering expertise, advanced manufacturing, skilled craftsmanship, and disciplined project execution under one integrated platform.

For us, exceptional interiors are not defined by appearance alone. They are shaped by intelligent planning, thoughtful detailing, superior materials, precision execution, and an understanding of how people experience and use a space.

Our approach is simple: understand the space, reimagine its potential, and transform it with purpose.

# OUR APPROACH

## REIMAGINING WHAT ALREADY EXISTS

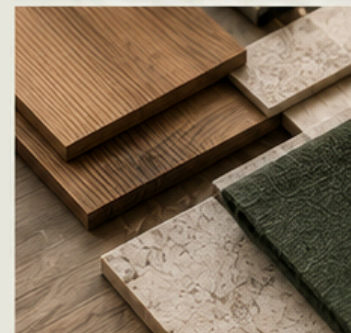

Every space has possibilities beyond what is immediately visible.

At M-ONE, we specialise in transforming existing homes, villas, apartments, offices, restaurants, hotels, and commercial properties into sophisticated environments tailored to contemporary lifestyles and operational requirements.

Whether it is a single-room transformation, a complete home renovation, or a comprehensive commercial fit-out, we approach every project with the same commitment to design integrity and execution excellence.

Our process begins with a detailed understanding of the existing property—its architecture, spatial configuration, services, lighting, materials, finishes, furniture, and functional limitations. We then develop a considered design and execution strategy that enhances the character and potential of the space.

The outcome is not simply a renovated property. It is a reimagined environment designed around the way our clients live, work, operate, and experience their surroundings.

# # WHY M-ONE

Experience. Expertise. Execution.

FROM  
VISION  
TO REALITY

## 30+ 30+ YEARS OF LEGACY

More than three decades of experience in creating and delivering interior solutions across diverse environments.

## BESPOKE DESIGN

Every project is developed around the client's vision, requirements, lifestyle, brand, and the character of the space.

## INTEGRATED TURNKEY SOLUTIONS

From the first design concept to final handover, multiple disciplines are coordinated through a single integrated process.

## MULTIDISCIPLINARY EXPERTISE

Designers, architects, engineers, project managers, production specialists, craftsmen, and execution teams work together to deliver a unified result.

## ADVANCED MANUFACTURING

CNC-controlled manufacturing and precision production capabilities provide greater control over quality, consistency, and customisation.

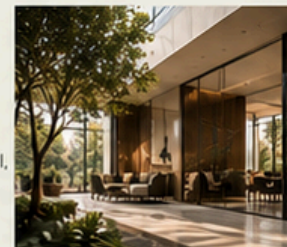

## QUALITY & CRAFTSMANSHIP

We maintain a disciplined approach to materials, detailing, workmanship, production, and site execution.

## DIVERSE SECTOR EXPERIENCE

Our experience extends across residential, commercial, hospitality, healthcare, and institutional environments.

# SECTORS WE SERVE

IDEAS

WITH  
PRECISION

## RESIDENTIAL

Homes, villas, apartments, private residences, and lifestyle spaces designed around individual preferences and contemporary living.

## COMMERCIAL

Corporate offices, workspaces, retail environments, and commercial properties designed for functionality, identity, and performance.

## HOSPITALITY

Restaurants, cafés, hotels, resorts, lounges, banquet facilities, reception areas, guest rooms, and event spaces.

## HEALTHCARE

Interior environments developed with careful consideration of functionality, comfort, hygiene, operational requirements, and user experience.

## INSTITUTIONAL

Purpose-driven interior environments for institutional, professional, and organisational requirements.

# OUR PROJECT JOURNEY

FROM EXISTING SPACE TO EXCEPTIONAL ENVIRONMENT

IDEAS  
MATERIALISED  
WITH  
PRECISION

01

## ASSESS

We study the existing property, architecture, spatial configuration, services, finishes, and technical conditions.

02

## UNDERSTAND

We engage with our clients to understand their lifestyle, operational requirements, aspirations, priorities, and budget expectations.

03

## REIMAGINE

Our design team develops a new vision for the space, exploring planning, materials, finishes, lighting, furniture, and overall experience.

04

## DEVELOP

The selected design is translated into detailed drawings, specifications, technical details, production requirements, and execution plans.

05

## EXECUTE

Our project teams coordinate construction, trades, materials, manufacturing, furniture, services, installations, and finishing.

06

## TRANSFORM

The individual elements come together to create a completed environment that is ready to be experienced, occupied, and enjoyed.

FROM VISION TO REALITY

# ADVANCED MANUFACTURING

PRECISION BEHIND EVERY DETAIL

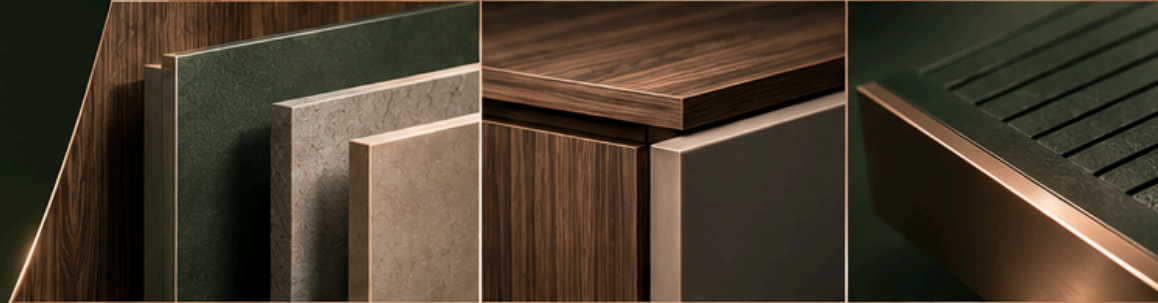

At the core of our integrated capabilities is the Noah's Ark Interiors manufacturing facility in Bangalore.

The facility is equipped with advanced CNC-controlled automated machinery and precision manufacturing technology, enabling us to produce modular and bespoke interior components with high levels of accuracy, consistency, and efficiency.

Our manufacturing capabilities allow us to maintain greater control over critical aspects of production—from material processing and component fabrication to finishing and quality inspection.

Supported by skilled craftsmen, experienced production teams, and systematic manufacturing processes, our facility enables us to undertake both standardised and highly customised requirements.

The result is a seamless connection between design, engineering, manufacturing, and site execution.

# OUR COMMITMENT

Built Around Quality. Delivered With Integrity.

Every M-ONE project represents our commitment to creating environments that are:

Functional.

Sophisticated.

Precise.

Personalised.

Built to Last.

Our responsibility does not end with completing a project. We strive to create spaces that continue to deliver comfort, functionality, character, and value long after handover.

For every project, our objective remains the same:

**To transform spaces with purpose, execute with precision, and create interiors that stand the test of time.**
